

## 2<sup>nd</sup> Annual Meeting of SDplanNet-Asia & Pacific

Oct 18-20<sup>th</sup> 2010 Bangkok

SDplanNet-Asia & Pacific is a growing network of government and non-government practitioners in Asia and the Pacific who share innovative approaches and tools for integrating sustainable development principles into government development plans, strategies and budgets.

Through its interactive website, [SDplanNet-AP.org](http://SDplanNet-AP.org), the network hosts online learning events, provides members with regular updates on sustainable development planning tools used within the region and around the world, and enables members to blog and exchange ideas on relevant topics.

The network's 2<sup>nd</sup> annual meeting will be held October 18-20, 2010 in Bangkok at the United Nations Conference Centre. Three sessions will be convened and streamed live over [www.SDplanNet-AP.org](http://www.SDplanNet-AP.org):

- **Session 1: Adaptive Governance Approaches and Tools** (October 18)
- **Session 2: Accountability Through Sustainable Development Measurement** (October 18)
- **Session 3: Developing Eco-efficiency and Sustainable Economic Growth** (October 19)
- **Training Workshop: Adaptive Policymaking to deal with risks, uncertainty and a changing climate** (October 20)

To participate in this meeting online or in person, please contact the network coordinator at [coordinator@sdplannet-ap.org](mailto:coordinator@sdplannet-ap.org). To become an SDplanNet-AP member and view past virtual learning events, visit [www.SDplanNet-AP.org](http://www.SDplanNet-AP.org).

SDplanNet-AP is coordinated by the Institute for Global Environmental Strategies (IGES) in Bangkok and managed by the International Institute for Sustainable Development (IISD). Cash and in-kind support is provided by the International Development Research Centre (IDRC), Deutsche Gesellschaft für Technische Zusammenarbeit (GTZ), UNEP Regional Office and Regional Resource Centre for Asia and Pacific (UNEP-ROAP/RRCAP), IISD and IGES. The network is advised by UNEP-ROAP, the UN Economic and Social Council for Asia and Pacific (UN-ESCAP), the UNDP-Pacific Centre, the UN Division for Sustainable Development – New York, the South Pacific Regional Environment Programme (SREP), and the Earth Council.
