- Buyers
- Project developers
- DOE - verifier
- CDM-EB – Issuance of ER certificate

Partnership strategy

- Target beneficiaries as primary partners
- Mechanism for sharing of benefits accrued from CER (should be included in the PDD)
- CER credit could be shared between the developers and buyers
- Involvement of NGO/CBOs/Academia in the assessment of project impact
- South-south cooperation

South-South Cooperation

- Sharing of experiences among DNAs and project developers.
- Building/sharing of expertise among countries
- Using the DOEs from the South
- Bundling of CDM projects among countries (to be submitted by one DNA, MOU for sharing of benefits and appropriate methodology to be developed)
