

Building a Low Carbon, Climate Resilient Transport Sector

Venue: Scandic Hotel Vester Sogade 6 DK-1601

13th December 2pm-4:30pm

2:00 – 3:15pm	<p><i>Changing Course: Building a Low Carbon, Climate Resilient Transport Sector Part I: A seat at the table: Transport as part of the solution</i></p> <p>Countries in Asia and the Pacific are facing increasing risks to critical transport infrastructure due to rapid motorization, increased trade, urbanization and extreme weather events. At the same time, traditional transport investments continue to contribute to rising greenhouse gas emissions. This session will focus on building low-carbon development in the transport sector, focussing on Asia and the Pacific.</p> <p>Moderator: Bob Dobias, ADB</p> <p>Schaeffer Pruess, VPKM, ADB - Opening remarks</p> <p>Dr. Pachauri. TERI</p> <p>Tariq Banuri UN-DESA</p> <p>Hironori Hamanaka, Chair of the Board of Directors, IGES</p> <p>Jamie Leather, ADB - The Problem-The Solution</p>
3:15-4:30pm	<p><i>Changing Course: Building a Low Carbon, Climate Resilient Transport Sector Part II: Rethinking Transport: Mechanisms for Reducing Emissions</i></p> <p>Transport is the fastest growing sector of emissions worldwide, and developing countries will account for more than 80 percent of this increase through 2030. ADB's Sustainable Transport Initiative is promoting the AVOID-SHIFT-IMPROVE approach to transport in the region. This session will focus on the following priorities for climate and transport: (i) measuring emissions; (ii) co-benefits of reducing emissions; and (iii) financing change in the transport sector.</p> <p>Moderator: Jamie Leather, ADB</p> <p>ADB: Rethinking Transport and Climate Change (Sharad Saxena, ADB)</p> <p>Carbon 'Footprinting' of Transport Investments (Michael Replogle, ITDP)</p> <p>Applicability of post 2012 Climate Instruments to the Transport Sector (Stefan Bakker, ECN)</p> <p>Co-benefits of Sustainable Transport Projects (Jane Romero, IGES)</p> <p>Financial Incentives for Sustainable, Low-Carbon Transport (Ko Sakamoto, TRL)</p> <p>Partnership for Sustainable, Low-Carbon transport (SLoCaT) in Developing Countries (Cornie Huizenga)</p>

If are interested to attend please register with Lauren Sorkin (L.sorkin@adb.org), please indicate in email that you will be attending the transport and climate change session.
