Introduction of Session 6 & 7

Developing Action Plans for Asia and the Pacific — the “CDM Runway”
Developing Action Plans

• Session 6 is to have active interaction among the participants, based on the information provided throughout the workshop.
• The participants are expected to prepare action plans that can be implemented in their regions/countries and selected sectors.
• This is a “Runway” on which all of you are on an airplane together – in the coming year(s) we would like to work with you so that your projects will take off and fly high.

Developing Action Plans

• The participants are divided into 8 groups (please see initial group list)
• Each group will select the leader/co-leaders and spokespersons (if preferred), who will lead the discussion and be the focal point for the presentations on Day 3 (Friday).
• The participants will select their own theme for the development of the action plans. Each group should also pick their group’s name.
Developing Action Plans

- **SB and/or PoA are the main tools** for implementation/development of the action plans.
- You are recommended to choose from **four sectors** covered in Day 1 – **Waste Management, Energy Efficiency, Transport and Small Renewable Energy** – although the groups can choose any other sector.
- By combination of 2 tools and 4 sectors, there could be 8 general themes for each region (e.g. waste management SB in South Asia, small renewable energy PoA in Pacific, etc.)

Developing Action Plans

- To support the initiation of the discussion, two guidelines (one for PoA and the other for SB) are provided to the participants (in USB). However, these guidelines are not mandatory for the discussion.
- Also, to support the discussion, relevant guidelines, standards and supporting documents are provided to the participants (in USB).
- The presentation shall be prepared during session 6.
The **CDM Runway**

- Each group will compete with other groups with their action plans
- A **stage with a runway** will be prepared at the plenary for the groups to make their presentations
- **Please express your creativity!** You are in the Philippines -- fun spirit is highly encouraged
- **2 top groups will be selected** and announced at the closing plenary

---

**Evaluation Criteria**

**Content (60%)**
- Potential to **scale up** (lead to higher volume of ERs) – **20%**
- Applicable to **LDCs** and/or **SIDS** – **25%**
- **Innovative yet feasible** – **15%**

**Style (40%)**
- **Broad involvement** of group members – **20%**
- **Fun!** (Entertaining, attractive) – **20%**
Room allocation

Group 1 (East, Southeast) – Auditorium C2
Group 2 (East, Southeast) – Auditorium D2
Group 3 (East, Southeast) – Private Dining Room 3-3A
Group 4 (South, Central, West) – Auditorium C1
Group 5 (South, Central, West) – Auditorium D1
Group 6 (South, Central, West) – Annex 2
Group 7 (Pacific, SIDS) – Private Dining Room 2
Group 8 (Pacific, SIDS) – Private Dining Room 4
