Introduction of the Workshop: Objectives and expected outcomes

4 September 2013
ADB Headquarters, Manila, the Philippines

Kazuhisa KOAKUTSU
Institute for Global Environmental Strategies
WS to Improve Regional Distribution of the CDM in Asia and Pacific

◆ Over 7,000 project have been registered under the CDM. However, distribution across the region is not uniform. Many countries are still lagging behind with fewer than 10 registered projects.

◆ This workshop supports Party’s request at CMP for enhanced distribution of CDM projects and opportunity for capacity building at the regional and sub-regional levels.

◆ This is the joint work with ADB, IGES, UNFCCC secretariat and in partnership with many partner institutions under the Nairobi Partnership Framework to improve the regional distribution of CDM in Asia and the Pacific

◆ From this year, the workshop extend to cover the new and emerging market-based mechanisms in the region.
History of Joint WS
