

Innovation *from* Nature & Innovation *for* Nature

27 July, 2021

ONLINE Meeting at **YOUTUBE LIVE**

Access link : <https://youtu.be/AfzQsXaoDBQ>

Technological development has changed and improved many things in our lives including the way we conserve nature and its biodiversity. Meanwhile, nature is also the source of an increasing amount of technological innovation.

In this workshop we share ideas and research on innovation 'from' and 'for' nature and contemplate the way forward.

PROGRAM

Time	Contents	Speaker
Welcoming Remarks		
13:30-13:35	▶ Welcoming Remarks from NIE	Byoung-Yoon Lee (Executive Director, NIE)
13:35-13:40	▶ Welcoming Remarks from IGES	Kazuhiko Takeuchi (President, IGES)
Presentations		
13:40-14:00	▶ Overview: Innovation from Nature; Innovation for Nature	Andre Mader (IGES)
14:00-14:15	▶ Monitoring for conservation: new approach in ecosystem survey	Tae-woo Lee (NIE)
14:15-14:30	▶ Ask Nature: Online platform on biomimicry	Andrew Howley (The Biomimicry Institute)
