

UNFCCC/COP27
Japan Pavilion Side event

**“Synergetic Actions from
ASEAN and the Asia-Pacific
towards Sustainable and
Carbon Neutral Planet”**

Co-organized by
IGES (Institute for Global Environmental Strategies)
UNESCAP (The Economic and Social Commission for Asia and the Pacific)
MOEJ (Ministry of the Environment Japan)

Nov 14th 2022, 10:30 to 12:00

Abstract:

The third UN Climate and SDG Synergies Conference “Third Global Conference on Strengthening Synergies between the Paris Agreement on Climate Change and the 2030 Agenda for Sustainable Development” was held in Tokyo on July 2022 (<https://www.un.org/en/climate-sdgs-conference-2022>).

The Conference was co-convened by the United Nations Department of Economic and Social Affairs (UNDESA) and the Secretariat of the United Nations Framework Convention on Climate Change (UNFCCC), and it was hosted by the Ministry of the Environment of Japan, in partnership with the United Nations University (UNU) and the Institute for Global Environmental Strategies (IGES).

The Conference was attended by around 2000 participants, including more than 130 speakers from over 100 countries around the world.

Abstract (continued):

Participants highlighted that synergistic implementation of climate action and the SDGs should be based on:

- 1) Strengthening the evidence base for synergistic action,
- 2) Convening multi-stakeholder dialogues at all levels,
- 3) Enhancing integrated planning,
- 4) Partnerships for transformation,
- 5) Informing key intergovernmental processes on climate and the SDGs.

In this side event, we will share synergetic actions from ASEAN and the Asia-Pacific towards Sustainable and we will discuss further how to contribute to structure “Carbon Neutral Planet”.
