

EANET/IIASA International Workshop

Strengthening the Science-Policy Interface for Clean Air and a Sustainable Future in Asia

13:30-17:00, 19 Dec 2022 (Monday): hybrid mode

Organizers:

Acid Deposition Monitoring Network in East Asia (EANET)
International Institute for Applied Systems Analysis (IIASA)
Institute for Global Environmental Strategies (IGES)

Supported by: Ministry of the Environment of Japan (MOEJ)

Time (JST)	Program
13:30-13:35	Opening remarks <i>Mr. Yasuo Takahashi, Executive Director, IGES</i> <i>Mr. Bert Fabian, Coordinator, Secretariat for the EANET</i>
13:35-14:35	Session I Multiple development benefits of coordinated actions to tackle air pollution <ul style="list-style-type: none">- Assess to air pollution by EANET: Introduction on projects in 2022 and 2023 in relation with perspective of EANET (10 min) <i>Dr. Ken Yamashita, EANET Network Center, Japan</i>- Interactions between urban and rural air pollution in Asia, and the multiple development benefits of coordinated action (20 min) <i>Dr. Zbigniew Klimont, Energy Climate, and Environment Program, IIASA, Austria</i>- Seeking cost-effective solutions for air pollution in Asia (15 min) <i>Dr. Eric Zusman, Integrated Sustainability Centre, IGES, Japan</i>- Comment (5 min) <i>Dr. Hajime Akimoto, NIES, Japan</i>- Q&A (10 min) Moderator: <i>Mr. Kenichiro Fukunaga, EANET Network Center, Japan</i>
14:35-14:45	Short break
14:45-15:50	Session 2 Exploiting synergetic linkages among SDGs <ul style="list-style-type: none">- Implications of Climate policies for SDGs, including co-benefits and tradeoffs for biodiversity and health: (20 min) <i>Dr. Keywan Riahi, Energy, Climate, and Environment Program, IIASA, Austria</i>- Biodiversity implications of land-based climate mitigation technologies and a joint research with IIASA (15 min) <i>Dr. Shinichiro Fujimori, Kyoto University, Japan</i>- Sustainable energy-food-water and health nexus solutions enhancing regional community-based supply chain systems in Bhutan (15min) <i>Dr. Miho Kamei, Integrated Sustainability Centre, IGES, Japan</i>- Comment (5 min) <i>Dr. Mikiko Kainuma, IGES, Japan</i>-Q&A (10min) Moderator: <i>Dr. Satoshi Kojima, Kansai Research Center, IGES, Japan</i>
15:50-16:00	Short break

16:00-16:55	<p>Session 3 Panel discussion : How to strengthen science-policy dialogue</p> <p>Panelists:</p> <p><i>Dr. Le Ngoc Cau, Center for Environmental Research, Vietnam IMHEN, Ministry of Natural Resources and Environment, Vietnam</i></p> <p><i>Dr. Zbigniew Klimont, IIASA, Austria</i></p> <p><i>Dr. Keywan Riahi, IIASA, Austria</i></p> <p><i>Mr. Bert Fabian, Coordinator, Secretariat for the EANET</i></p> <p>-Q&A (10min)</p> <p>Moderator: <i>Dr. Eric Zusman, Integrated Sustainability Centre, IGES, Japan</i></p>
16:55-17:00	<p>Closing Remarks <i>Mr. Kenichiro Fukunaga, EANET Network Center, Japan</i></p>
