- Gorontalo Province strongly requests the continuation of city-to-city collaboration project.
- Approaching new issues in Gorontalo province

**Continuation of cooperation
in the field of decarbonization**

An aerial photograph taken from a high vantage point, looking down over a lush green hillside. In the foreground, a dirt path with a metal railing leads down through dense tropical vegetation. Below the hillside, a coastal town is visible, featuring numerous houses with red and blue roofs, a prominent white church with a green dome, and a large green field. The town is situated along a shoreline that meets a vast, light blue body of water. In the distance, a long, narrow strip of land or bridge extends into the water. The entire image is framed by a thick orange border at the top and bottom.

Thank you for your kind attention!
