

# CITYNET

**Network of 160+ local authorities & urban stakeholders in the Asia Pacific**

**Established by UN ESCAP, UN Habitat, UNDP in 1987**

URBAN SDG  
KNOWLEDGE PLATFORM

CITYNET

SEOUL METROPOLITAN  
GOVERNMENT

ESCAP  
Economic and Social Commission  
for Asia and the Pacific

The Urban SDG Knowledge Platform supports local action for the implementation of the SDGs, including promotion and replication of successful initiatives and good practices.

Nearly **550** cases studies have been submitted to the policy database voluntarily by local governments since 2017

# URBAN SDG KNOWLEDGE PLATFORM

[urbansdgplatform.org](http://urbansdgplatform.org)

## SDG NAVIGATOR FOR CITIES

The SDG Navigator is a self-assessment tool, created to help cities and city government officials evaluate their current the implementation of SDGs, based on official United Nations SDG targets. Additionally, the SDG Navigator will suggest from the Urban SDG Knowledge Platform that will help cities address their challenges in SDG implementation

# Proven Deliverables

- Positive impact in 267 urban neighborhoods
- TOSS units all create new employment opportunities for disadvantaged groups
- 1,000+ individuals received training on waste management innovation
- Program supported financially by network of corporate CSR programs
- Program collaborates with major energy companies to off-take products
- 2-7 tons of briquettes shipped with each shipment w/ evidence of growing demand each year
- Improved water quality in Ciliwung River led to it being sourced for drinking water
