

Role of local governments towards zero carbon

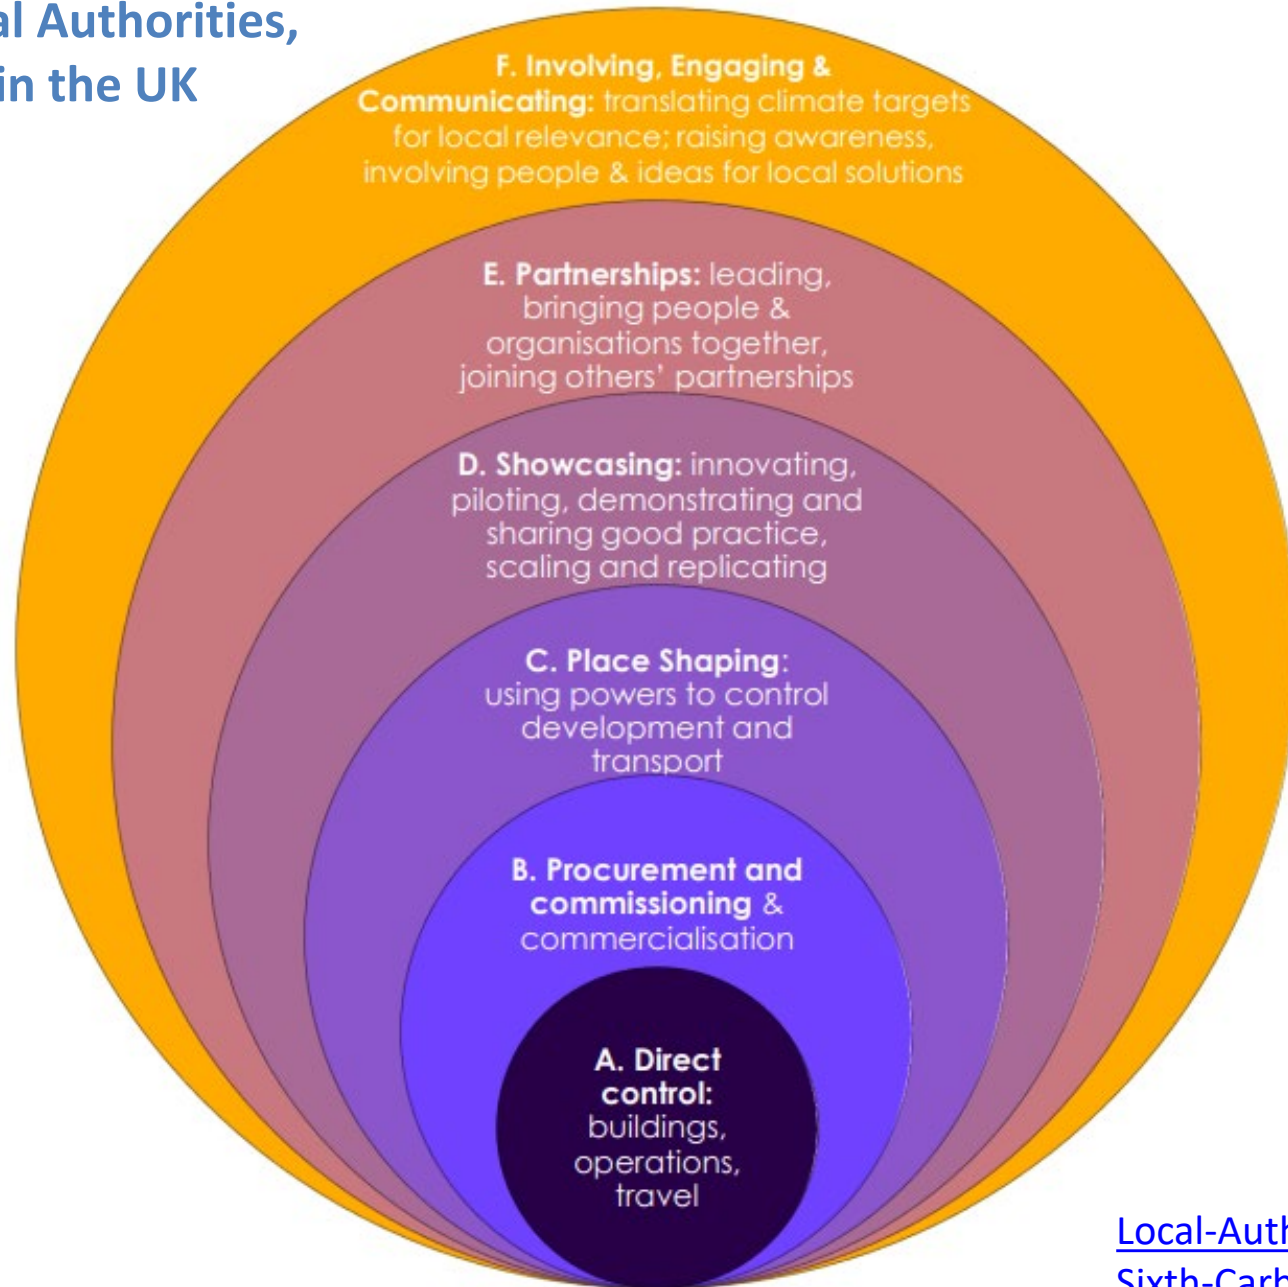

Alex Minshull,
Sustainable City and Climate Change Manager,
Bristol City Council, UK

The view from City Hall!

Role of Local Authorities, in net-zero in the UK

Role of Local Authorities, in net-zero in the UK

- **Involving, Engaging and Communicating** – Putting People at the Heart of the transformation to Net Zero
- **Place based partnerships**
- **Showcasing:** Innovating, piloting, demonstrating and rewarding good practice, scaling and replicating.
- **Place-shaping:** Spatial Planning, Planning New Buildings, Existing Buildings, Planning New Buildings, Transport,
- **Procurement commissioning and commercialisation**
- **Direct control** over buildings, estate and fleet

Four Examples of Action

- **Citizen's Assembly**
Deliberative democracy process – reported 12/03/21
- **One City Climate Strategy**
Multi-partner strategy for zero carbon and climate resilience
- **City Leap Energy Partnership:**
Public-Private Partnership to invest more than ¥150 billion towards Bristol becoming a zero-carbon
- **Leading by example:**
Bristol City Council has reduced its direct emissions by 86% - 2005-19
