Also decided on approaches for reflecting the application of the specific flexibility provisions by those developing country Parties that need flexibility in the light of their capacities, including:

- (a) May use the new notation key “FX” (flexibility)
- (b) May collapse relevant row(s) or column(s) where “FX” is reported in each cell in the row or column and expand them again for display purposes
- (c) May collapse tables related to the four additional gases included in decision 18/CMA.1, annex, paragraph 48
- (d) Generate columns and tables for reporting years, consistent with decision 18/CMA.1, paras. 57-58
- (e) Indicate the thresholds used for key category analysis and completeness
