 Synergies of decarbonization and resilience – Vitoria-Gasteiz

2 STRATEGY

ANALYZE

Commit and mobilize
Research and assess
Set baseline

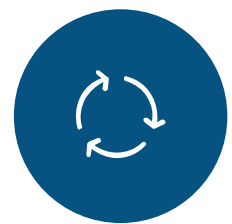

ACT

Develop Strategy
Detail finance Projects
Implement and monitor

ACCELERATE

Integrate and collaborate
Review and upscale
Report, inspire, advocate

3 TAKE ACTION EU MISSIONS VITORIA-GASTEIZ

100 CLIMATE-NEUTRAL AND SMART CITIES

1

Sustainable Energy

Instalación de **33 MW** de energía solar

2

Urban regeneration and rehabilitation under energy efficiency

Rehabilitación de **3.800 viviendas**

3

Sustainable Mobility and Public Space Plan

Electrificación del **100%** del transporte público

4

Circular Strategy

Impulso a la demanda de productos de proximidad

5

Green Infrastructure Strategy- Carbon footprint offsetting

6

Data collection and management
