SHAH ALAM CAR FREE DAY

"Shah Alam Hari Tanpa Kenderaan" is introduced as part of the low carbon city initiative and executed on monthly basis. The 5-kilometre main street in the city center will be closed to allow pedestrians and cyclists a better access and priority. Among the main activities are running, walking, biking and skate boarding.

We promote :-

- ▶ A healthy lifestyle
- ▶ Reduce vehicle usage
- ▶ Family & leisure
- ▶ Towards Low Carbon City

"The total value for the Selangor Economic Recovery Plan is at RM55.85 billion"

As of July 9, the State Government had identified 18,976 individuals who had lost their jobs. Selangor government would identify 24,500 job opportunities for its citizens through job fair and career carnivals, to bolster the gig economy, as well as implement upskilling and reskilling courses. Selangor will be a magnet for new jobs, improve people's living standards and strengthen economic resilience to meet future challenges.

GREEN ECONOMY INITIATIVE

GREEN INITIATIVE FOR KINDERGARTEN

The program aims to educate the younger generation, teachers and parents to practice green initiative in their daily lives. To ensure the success of this campaign, each kindergarten took the initiative to create an 'edible garden' or adopt a Green Neighborhood concept to suit the environment.

GREEN ECONOMY INITIATIVE

URBAN FARM

Self-selling vegetables from the farm

The aim of the Farm's Own Vegetable Sales program is to serve as a platform for the local community to obtain cheaper and fresh vegetables. In addition, the program can provide additional income to the community through the sale of community garden vegetables.

The program will also provide opportunities for the local community to interact among the communities in Shah Alam City.
