

# QUEZON CITY

Building a Livable, Green, Sustainable  
and Climate Resilient City

## “BETTER NORMAL”

Quezon City will focus on the co-benefits and synergies between environmental management and COVID-19 responses, as environmental quality relates to improved health conditions in the community

**Better Air and  
Water Quality**

**Clean and Green  
Environment**

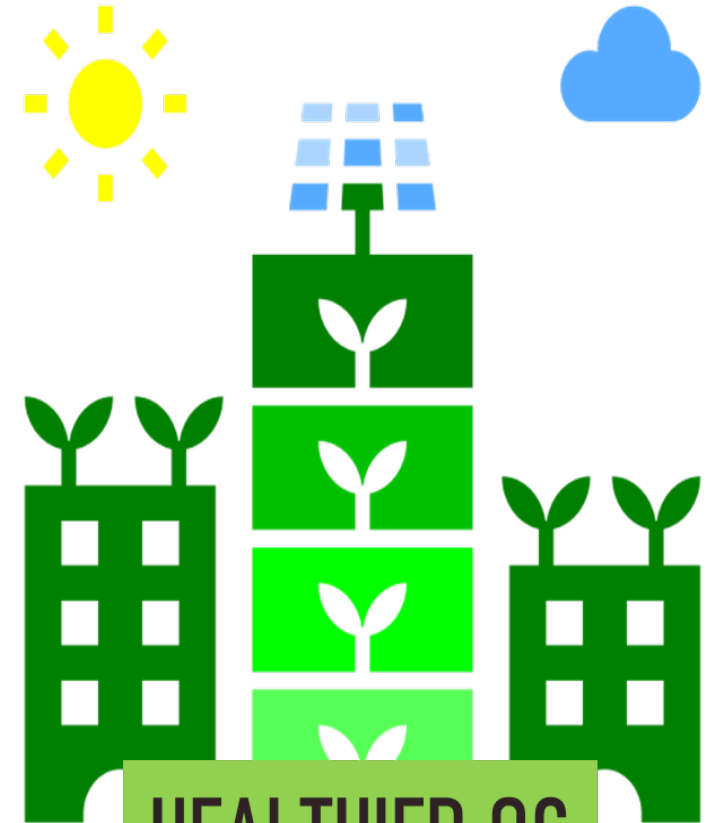

**Healthy and Resilient  
Communities**

**Protected  
Biodiversity**

**PEOPLE and  
PLANET FIRST**

**HEALTHIER QC**

PRIORITY  
INITIATIVES ON  
CLIMATE CHANGE  
&  
ENVIRONMENTAL  
SUSTAINABILITY

1

- Environmentally Sustainable and Cleaner Transport

2

- Reduction of Single Use Plastics

3

- Improved Flood and Drainage Management

4

- Repurposing of Open Spaces

5

- Better Sanitation and Waste Management

# Environmentally Sustainable and Cleaner Transport

- Bike Sharing Project
- Development of Quezon City Air Quality Management Plans
- Deployment of E-vehicles

# REDUCTION OF SINGLE USE PLASTICS

- Bring your Own Bottle (BYOB) Project
- Promotion and Distribution of Reusable/Washable Ecobags
- Promotion and Distribution of Reusable Dining Wares
- Implementation of the By-Request Protocol

## ZERO WASTE TRAVEL PACK

# IMPROVED FLOOD AND DRAINAGE MANAGEMENT

- Supply and Installation of Rainwater Harvesting Systems
- Manila Bay Rehabilitation Program
- Responsible Water Use Campaign

# REPURPOSING OF OPEN SPACES

- Urban Green Space Network Development
- Biodiversity Management
  - 31,893 trees tagged from 2017-2018
  - to be profiled again in 2020
- Food Security

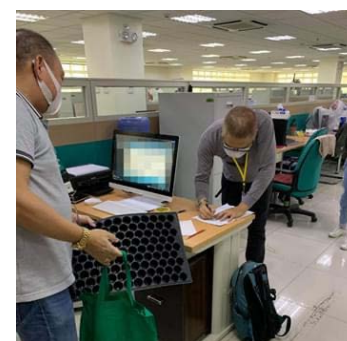

Quezon City Environmental Protection and  
Waste Management Department

## ImagineLaw to Improve Health in the Philippines by Promoting Healthy Food

AUGUST 28, 2020 · PUBLIC

**Innovative Program Awarded Grant  
by Resolve to Save Lives**

# BETTER SANITATION AND WASTE MANAGEMENT

- Urban Solid Waste Management System
- Responsive Special Operations
- Increased Compliance to Waste-Related Ordinances
- Property Management through Disinfection Activities
- Installation of Biodigester in Public Markets

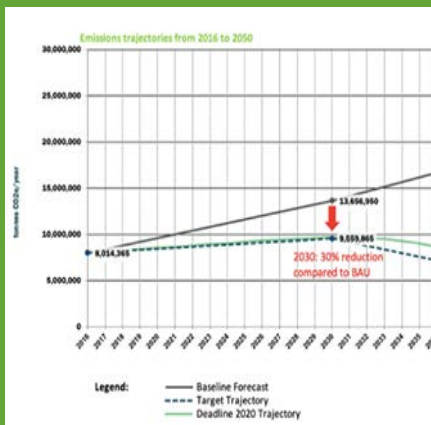

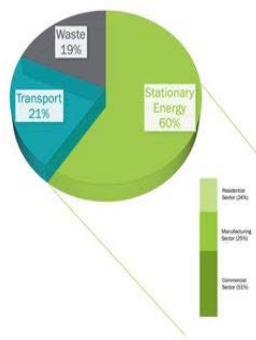

# CLIMATE CHANGE & ENVIRONMENTAL SUSTAINABILITY

GHG EMISSIONS BREAKDOWN PER SECTOR

## Specific Thrusts

Aims to contribute to the global movement to reduce and mitigate Greenhouse Gases (GHG) through policies, programs, and activities

Aims to increase the City's climate resiliency through adaptation mechanisms

Aims to improve air and water quality in the City, promote sustainable consumption and production and introduce a circular economy

Aims to create a well-informed citizenry through strategic awareness campaigns, multi-stakeholder participation and inclusive climate action

Climate Change Mitigation

Climate Change Adaptation

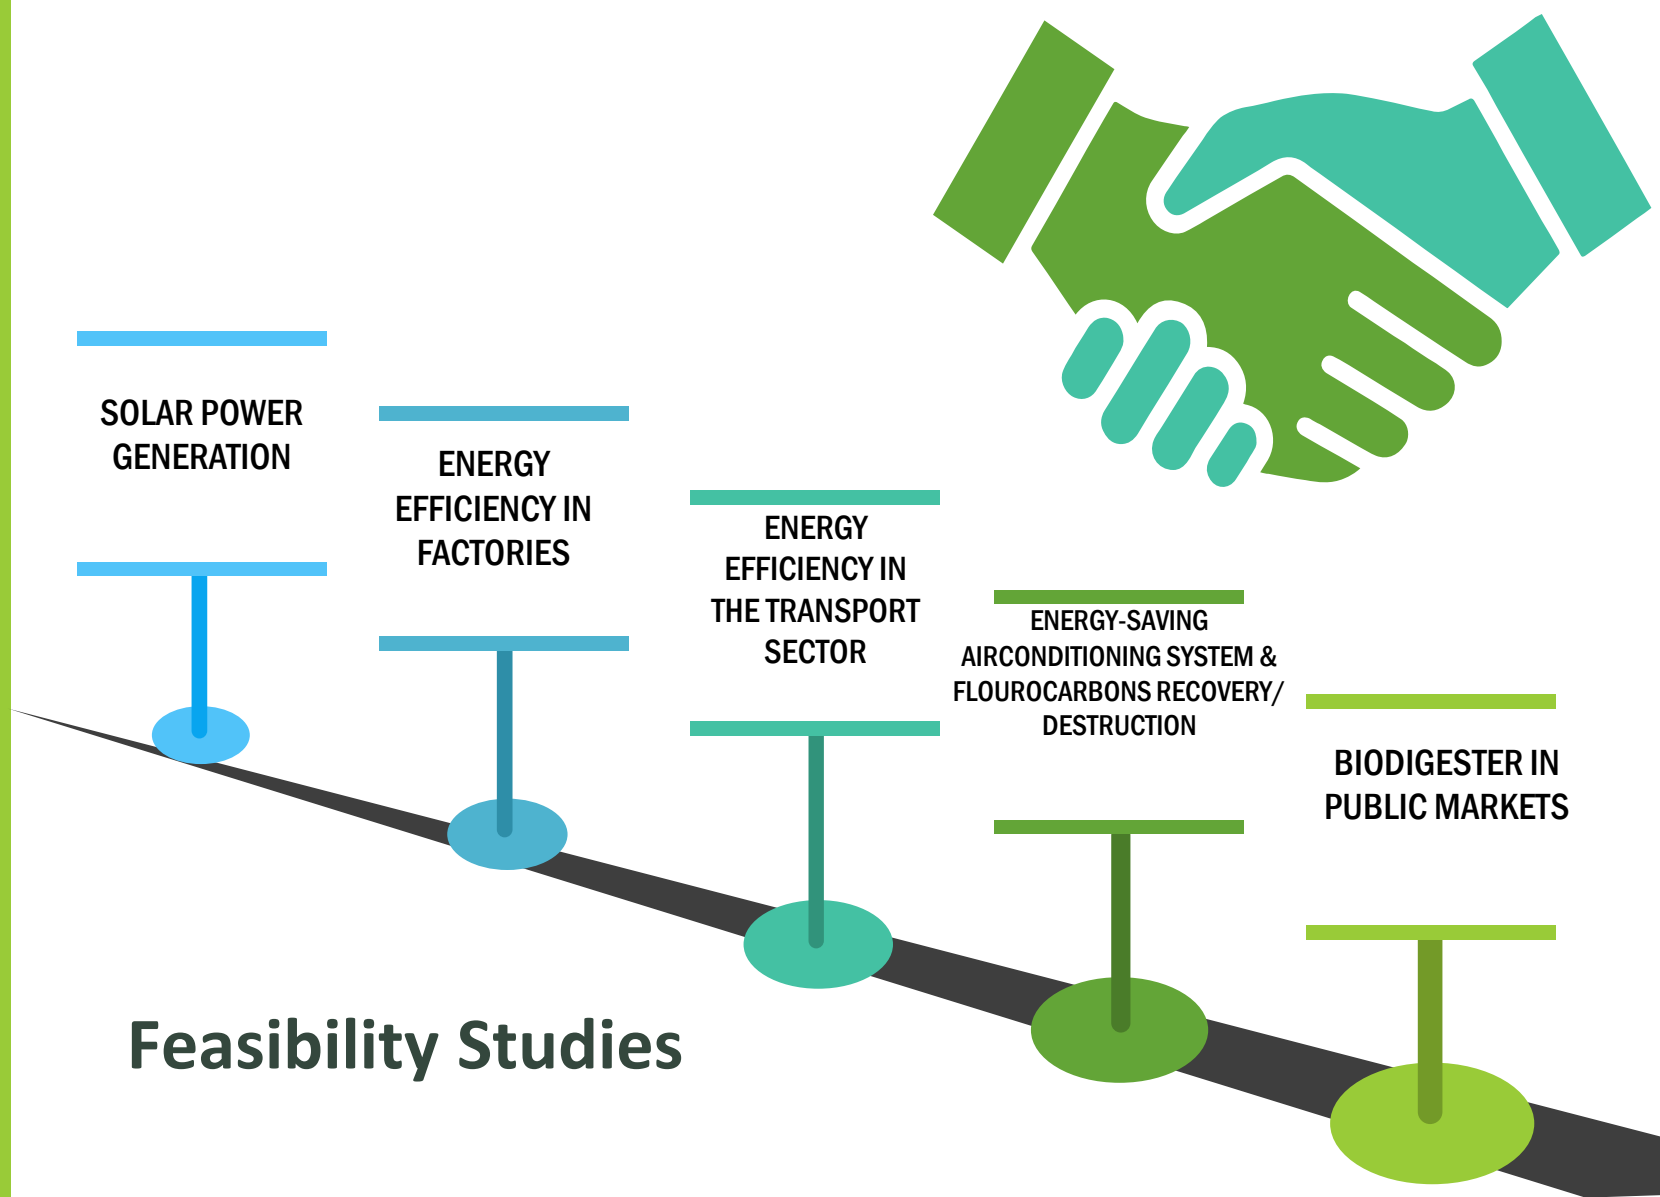

Resource Efficiency & Environmental Quality

Climate Change & Environmental Education

## CITY-TO-CITY COLLABORATION WITH OSAKA CITY

- Climate Change Mitigation for Greenhouse Gas (GHG) Emission Reduction
- Renewable Energy and Energy Efficiency
- Waste Water Management
- Water Supply
- Solid Waste Management
- Environmental Conservation

## Low Carbon Development

A stylized illustration on the left side of the slide. It features a thick, brown, curved line representing a tree trunk. To the left of the trunk, there are several light green, semi-transparent circular shapes representing leaves. Below the trunk, there is a stylized sun with yellow rays and a blue horizon line. A trail of small, light gray dots extends from the sun area towards the center of the slide. The entire illustration is set against a white background.

# Thank You
